Correction to: Stepwise Microstructure Development and Investigation of Mechanical Behavior of Pure Mo, Mo-Ni, and Nano-Y₂O₃-Dispersed Mo-Ni Alloys Fabricated by Mechanical Alloying and Pressureless Sintering

Gopal Krishna Behera and Anshuman Patra

Correction to: JMEPEG

<https://doi.org/10.1007/s11665-021-05808-y>

The final two sentences of the section “Microstructure of Sintered Products” cite incorrect reference numbers.

In the sentence “The formation of MoNi further augments the atomic diffusion of Mo and improves the sintered density due to higher diffusivity of Mo in MoNi as compared to self-diffusion of Mo (Ref 53, 54),” “54” should read “55.”

In the sentence “The solid-state bonding between Mo matrix and MoO₂ is effective to minimize the chances of crack formation and contributes in strong metallic bonding (Ref 57),” “57” should read “56.”
