### Correction to: Brain Imaging and Behavior

<https://doi.org/10.1007/s11682-019-00154-z>

The author found a mistake in their published article. The sentence “The search region was limited within each side of the white matter.” should read as “The search regions was limited within each side of the white matter at and above  $Z=0$ .”

The original article has been corrected.

**Publisher’s note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
