Correction to: Obesity Surgery

<https://doi.org/10.1007/s11695-020-04755-2>

In the original article some of the references were ordered incorrectly.

The correct reference 34 is: Hardman JG, Aitkenhead AR. Estimating alveolar dead space from the arterial to end-tidal CO(2) gradient: a modeling analysis. *Anesth Analg*. 2003;97(6):1846–51.

From reference 35 forward, all references are increased by one number and appear as below:

35. Chernik DA, Gillings D, Laine H, et al. Validity and reliability of the Observer's Assessment of Alertness/Sedation Scale: study with intravenous midazolam. *J Clin Psychopharmacol*. 1990;10(4):244e51.
36. Flier S. How to inform a morbidly obese patient on the specific risk to develop postoperative pulmonary complications using evidence-based methodology. *Eur J Anaesthesiology*. 2006;23(2):154–9.

The online version of the original article can be found at <https://doi.org/10.1007/s11695-020-04755-2>
