Correction to: Obesity Surgery (2020) 30:4206–4217
<https://doi.org/10.1007/s11695-020-04775-y>

In Table 6 (biochemical values at 2 years ($N = 82$) and 8 years ($N = 49$) after OAGB), the value of prealbumin at 2-years follow-up (line 5, column 4) was incorrectly shown as: 0.1 ± 0.03 ($0.17\text{--}0.3$) ($n = 32$). The correct prealbumin value at 2-year follow-up is: 0.21 ± 0.03 ($0.17\text{--}0.3$) ($n = 32$).
