In the original article, there is an error in the section “Laparoscopic Pouch Resizing with Fobi-Ring”. The sentence “The length of the Fobi-ring can vary between 5.5 and 6.5 cm depending on the scar tissue present” should read as “The length of the Fobi-ring can vary between 6.5 and 7.5 cm depending on the scar tissue present”, as Fobi-ring cannot lock in 5.5 cm.
