Publisher Correction: Obesity Surgery

<https://doi.org/10.1007/s11695-021-05862-4>

This manuscript was accepted for publication. However, the term “superobesity” ($\text{BMI} > 50 \text{ kg/m}^2$) is not considered by the leadership of IFSO to be an acceptable term.

Acceptable alternatives include “ $\text{BMI} > 50 \text{ kg/m}^2$ ” or “severe obesity.”
