(Received 24 December 2016 • accepted 8 July 2017)

The authors acknowledged that the permission for re-use of Fig. 4 and the contents in the Fig. 2 in the published article was obtained before the final publication of the article.

The updated figure and the legend for Fig. 2 and Fig. 04 are as follows

Fig. 2. UV-Visible spectrum of 2NA showing the progress of reaction through apparent decrease in the peak position at the 410 nm (Reuse with the permission from Dr. Zahoor Hussain Farooqi Copyright@Zahoor Hussain Farooqi).

Fig. 4. (a) Variation in hydrodynamic diameter (D_h) of co-polymerized hybrid microgels in response to the change in pH of the medium (b) Catalytic degradation of 2-NA in the presence of hybrid microgels (Reprinted with the permission from Farooqi et al. [78] Copyright@Springer Nature 2021)

Authors appreciate and acknowledge the courtesy from Dr. Zahoor Hussain Farooqi and Springer Nature for the reuse of the figures. Authors also thank Dr. Zahoor Hussain Farooqi for pointing out the mistake in the legend of Fig. 2.
