

# TMS

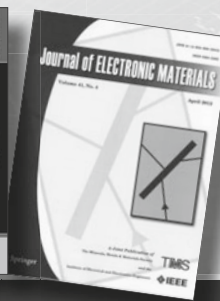

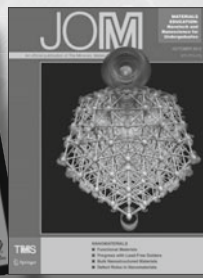

## Let TMS Be Your Professional Partner for Career Advancement:

### Become a Member Today!

We know that you take your career in materials science and engineering seriously. So don't neglect one of the key tools in your professional toolbox: your TMS membership. Whether you are seeking to begin or advance your career in materials science and engineering, TMS membership can help. TMS provides a home for materials professionals throughout the world who work in all aspects of the field, from minerals processing and primary metals production to basic research and the advanced applications of materials.

#### Join TMS today to access the following member benefits:

- **Career Resources:** Access job search tools as well as advice from mentors working in all sectors of the materials field.
- **In-Person Networking:** Attend TMS conferences, like the TMS Annual Meeting & Exhibition, at discounted member rates and gain invaluable opportunities to meet and exchange ideas with international leaders in the materials field.
- **Travel-Free Networking:** Use the TMS membership database and TMS social networking sites to identify and contact materials professionals working in a variety of industries. You can also join a TMS technical committee to connect with those in your specific field.
- **Opportunities for Young Professionals:** Apply for travel and leadership programs designed for early-career professionals.
- **Publication Access:** Stay up to date on developments in your field with access to publications, including:
  - Print and electronic subscriptions to *JOM*, the TMS member journal
  - Electronic subscriptions to *Journal of Electronic Materials*, *Metallurgical and Materials Transactions A* and *B*, and 20 additional materials science and engineering journals through Springer
  - 25% savings on TMS products and all other publications purchased through the TMS-Wiley bookstore

We know that you take your career in materials science and engineering seriously.
