

Meetings Calendar

Presenting upcoming meetings and calls for papers

Symposia Proposals and Abstract Submissions: For TMS-sponsored meetings, symposia proposals and abstracts must be submitted through ProgramMaster, the on-line TMS conference and proceedings management system. The system can be accessed at www.tms.org. Using the Meetings & Events pull-down menu, select the Upcoming TMS Meeting for which you wish to submit a symposia proposal or an abstract, and follow the on-line instructions. The society especially encourages the submission of "hot-topic" symposia or special-session proposals on timely or developing subjects. To advance an idea, use the symposium creation form in ProgramMaster.

TMS-Sponsored Events

CMTC 2013

October 21–23, 2013

Alexandria, Virginia

The 2013 Carbon Management Technology Conference (CMTC), organized by eight key engineering societies, will draw professionals from all engineering disciplines to share their expertise and provide their perspectives on the reduction of greenhouse gas emissions and adaptation to changing climate. The conference will focus on engineering perspectives regarding key issues, including technologies, strategies, policies, management systems and metrics. **Contact:** e-mail: michn@aiche.org; fscarbonmanagement.org/content/cmtc-2013

MS&T'13

October 27–31, 2013

Montreal, Quebec, Canada

The MS&T (Materials Science & Technology) partnership of ACerS, AIST, ASM, TMS, and MetSoc of CIM brings together scientists, engineers, students, policy makers, suppliers, and more to discuss current research and technical applications, and to shape the future of materials science and technology. NACE International will co-sponsor MS&T. **Contact:** e-mail mtgserv@tms.org; www.matscitech.org.

OTC Brasil 2013

October 29–31, 2013

Rio De Janeiro, Brazil

OTC Brasil is one of the world's foremost events for the development of offshore resources in the fields of drilling, exploration, production, and environmental protection. Organized by the Offshore Technology Conference and Instituto Brasileiro de Petróleo, Gás e Biocombustíveis, OTC Brasil 2013 will explore developments in offshore drilling and wells systems, floating structures, and advanced subsea production systems. **Contact:** e-mail:

otcbrasil@ibp.org.br; www.otcbrasil.org/2013/index.php.

e-mail mtgserv@tms.org; www.tms.org/Meetings/2014/3DMS2014/home.aspx.

TMS2014

February 16–20, 2014

San Diego, California

Now in its 143rd year, the TMS 2014 Annual Meeting & Exhibition, brings together more than 4,000 business leaders, engineers, scientists and other professionals in the materials field for an outstanding exchange of technical knowledge leading to solutions in the workplace and in society. Meeting registration opens soon. **Contact:** e-mail: mtgserv@tms.org; www.tms.org/meetings/annual-14/AM14home.aspx.

Hydrometallurgy 2014

June 22–24, 2014

Victoria, BC, Canada

Hydrometallurgy 2014 will provide a forum for the dissemination of all research relating to hydrometallurgical extraction, purification and recovery of base and precious metals. Papers relating to: waste treatment and minimization; environmental compliance and monitoring; automation, sensors and control in hydrometallurgy are also welcome. **Contact:** e-mail: metSOC@cim.org; web.cim.org/hydro2014/index.cfm

2nd International Congress on 3D Materials Science 2014

June 29–July 2, 2014

Annecy, France

The International Congress on 3D Materials Science is a forum for presentations of current interest and significance to the three dimensional characterization, visualization, quantitative analysis, modeling, and investigation of structure-property relationships of materials. **Abstract deadline: November 15, 2013. Contact:**

First TMS Summit on Creating and Sustaining Diversity in the Minerals, Metals, and Materials Professions—DMMM1

July 29–31, 2014

Washington, D.C.

The First TMS Summit on Creating and Sustaining Diversity in the Minerals, Metals, and Materials Professions (DMMM1): Honoring the First Female Member of AIME: Ellen Swallow Richards will focus on the under-representation of gender and race relative to professionals in the minerals, metals, and materials communities from the U.S. Government, academic, and industry perspectives. The summit will feature interactive parallel workshop-like sessions which will provide an interactive forum for engaging on specific topics such as communication, mentoring, and creating a diverse workplace; panel discussions; and skill and tool-development sessions for early- and mid-career and senior management professionals, with follow-on actionable outputs. **Contact:** Justin Scott, TMS, 184 Thorn Hill Road, Warrendale, PA 15086; e-mail: jscott@tms.org; www.tms.org/meetings/2014/diversity/home.aspx.

8th International Symposium on Superalloy 718 and Derivatives

September 28–October 1, 2014

Pittsburgh, Pennsylvania

The symposium will cover all aspects of metallurgical processing, materials behavior, and microstructural performance for a distinct class of 718 type superalloys and derivatives. **Abstract deadline: November 1, 2013. Contact:** e-mail: mtgserv@tms.org; www.tms.org/meetings/2014/superalloy718-2014/home.aspx.
