6th International Congress on 3D Materials Science (3DMS 2022)

June 26–29, 2022
Washington, D.C., USA

**Submit an Abstract by
January 21, 2022**

3DMS 2022 seeks to provide the premier forum for presentations of current interest and significance to the three-dimensional characterization, visualization, quantitative analysis, modeling, and development of structure–property relationships of materials, as well as big data and machine learning issues associated with 3D materials science.

2022 Liquid Metal Processing & Casting Conference (LMPC 2022)

September 18–21, 2022
Philadelphia,
Pennsylvania, USA

**Submit a Manuscript by
April 1, 2022**

LMPC 2022 is a unique event that showcases the latest technological and scientific advances related to those industrial processes used to cast large ingots of highly alloyed metal. The program will feature highly technical talks and a balanced representation of industry and academia.
