The original version of this article unfortunately contains mistakes.

The corrections are given in the following list:

(1) At page 684 in the last paragraph, I would quote starting from the word “heart” until “before him” adding as a **footnote n.30 the following reference**

- Mobayed T., *Immortality on Earth? Transhumanism through Islamic lenses*, Yaqeen Institute for Islamic Research, 2017 p. 17

I would then quote from “Pharaoh” until “well-known” adding a footnote (n. 31)

- Ibid. p. 17

(2) At p. 687 at the 2nd paragraph of the page, I would quote from “in his writings” to “nanodivide” and adding this reference to footnote n.35

- Musa, F. (2008). Ethical Dimensions of Nanotechnology. *Tabah Foundation*, 6, 1-18 quoted in Mobayed T., *Immortality on Earth? Transhumanism through Islamic lenses*, op. cit p. 10

(3) At p. 687 first paragraph after title, I would quote from “refers” until “Qur’an 7:20” and I would add footnote n. 37

- Mobayed T., Immortality on Earth? Transhumanism through Islamic lenses, op. cit p. 4
