One of the authors of the study, “Can Wear Explain the Histological Variation Around Metal-on-metal Total Hips?” listed the incorrect dollar amount range in his conflict of interest statement.

The correct conflict of interest statement for Scott D. Nelson MD should be: “One of the authors (SDN) consults

for Depuy Synthes (Warsaw, IN, USA) and Stryker Orthopaedics (Mahwah, NJ, USA). One of the authors certifies that he, (SDN) or a member of his immediate family, has or may receive payments or benefits, during the study period, an amount of USD 100,001–USD 1,000,000 from DePuy Synthes, and an amount of USD 100,001–USD 1,000,000 from Stryker Orthopaedics.”

The authors apologize for the error.
