published online 23 May 2014

The Editor-in-Chief has retracted this article at the request of the corresponding author. Concerns were raised regarding the authorship of the article and the

source of the data. The first author Cheng Wang admitted to including the corresponding author Zengtao Wang in the paper without their agreement and obtaining the article from a third party. The authors have confirmed that Zengtao Wang was unaware of the study until after publication.

All authors agree to this retraction.

The original article can be found online at <https://doi.org/10.1007/s12013-014-9959-7>.
