Retraction to: NeuroMolecular Medicine (2014) 16:529–539 <https://doi.org/10.1007/s12017-014-8303-0>

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The Editors-in-Chief have retracted this article. Concerns have been raised regarding Fig. 3ii. Specifically, the NTRK1 and NTRK2 panels appear to be unexpectedly similar. The Editors-in-Chief therefore no longer have confidence in the reliability of the data reported in the article.

Arrambakam Janardhanam Vanisree agrees with the retraction but disagrees with the wording of the retraction notice. Mahalakshmi Palani does not agree to this retraction. R. Arunkumar could not be reached for response.

The original article can be found online at <https://doi.org/10.1007/s12017-014-8303-0>.
