Correction to: Forensic Sci Med Pathol. 2018;14:42–56
<https://doi.org/10.1007/s12024-018-9954-1>

In the original version of this manuscript Table 3, SIDS I column currently reads 1/8 (13) for the following: Bed share/co-sleeping (%), Found prone and co-sleep/bed-share (%), Co-sleep/bedshare and smoke exposure (%). However, the correct value should be '0/8 (0)'. Consequently, the correct *p* value for: Bed share/co-sleeping (%) is <0.001, and for the other two, the *p* value is unchanged.
