Erratum to: J Mol Neurosci
DOI 10.1007/s12031-011-9605-4

The original version of this article unfortunately contained a mistake in the title and, specifically, in the acronym indicating the rat strain object of the study, the spontaneously hypertensive stroke prone rats, normally indicated as SHRSP and not SHRPS as erroneously reported in the title of the publication.

The correct title is then:

Is the SHRSP Strain a Suitable Model of Spontaneous CADASIL?

The online version of the original article can be found at <http://dx.doi.org/10.1007/s12031-011-9605-4>.
