Retraction Note to: Mol Neurobiol (2018) 55:2494–2505.
<https://doi.org/10.1007/s12035-017-0484-8>

The authors have retracted this article. After publication they became aware that an incorrect method of statistical analysis had been used (one-way ANOVA instead of repeated measures ANOVA), rendering the conclusions unreliable. The Editor has invited the authors to re-analyse their data and submit a new manuscript for consideration for publication.

All authors agree with this retraction.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The online version of the original article can be found at <https://doi.org/10.1007/s12035-017-0484-8>
