The Editor and Publisher are retracting the article “Larvicidal effects of GC-MS fractions from leaf extracts of *Cassia uniflora* Mill non Spreng” (by VP Toro, AD Padhye, MV Biware and NA Ghaya) published online in *Journal of Biosciences* (Volume 44, March 2019 Issue, Article ID 5, <https://doi.org/10.1007/s12038-018-9823-9>). Owing to an administrative mistake, it was published in error after being declined and returned to the authors because it did not fit with the journal’s scope. We apologise to the authors for this unfortunate error. The authors have been informed.
