### Correction to: Chemosensory Perception

<https://doi.org/10.1007/s12078-018-9251-0>

The authors would like to make corrections to the name of an author and the affiliations representing the authors. Namely, we would like to change the spelling of Johnathan Warr to its correct spelling of Jonathan Warr as shown above. We would also like to change the 4th affiliation to “Takasago Europe Perfumery Laboratory sarl, 12 rue Torricelli, 75017 Paris, France” while adding the following affiliation to Anna Oleszkiewicz, “Institute of Psychology, University of Wrocław, Poland”.

The authors would also like to update the odorant used in the study (strawberry; Frey +Lau (Henstedt, Germany; order number P0603875) to the correct one, Takasago (Paris, France; order number DGFLO791B).

The original article has been corrected.
