Correction to: Clinical and Translational Oncology <https://doi.org/10.1007/s12094-023-03377-1>

In the sentence beginning ‘Tumor size ≥ 5 cm and age < 45 years...’ in the section Conclusions of the Abstract of this article, the value ‘ ≥ 5 cm’ should have read ‘ > 5 cm’.

In Table 2 of this article, the column heads were mistakenly listed as Borderline ($n = 87$) and Malignant ($n = 68$) but should have been Borderline ($n = 85$) and Malignant ($n = 65$). The corrected Table 2 is given below.

In the sentence beginning ‘Patients aged < 45 years and individuals with tumors ≥ 5 cm experience...’ of the penultimate paragraph of the section Discussion, the value ‘ ≥ 5 cm’ should have read ‘ > 5 cm’.

In the sentence beginning ‘Tumor size ≥ 5 cm and age ≤ 45 years ...’ of the section Conclusions, the values should be corrected to ‘Tumor size > 5 cm and age < 45 years ...’.

The original article has been corrected.

The original article can be found online at <https://doi.org/10.1007/s12094-023-03377-1>.
