Correction to: The Indian Journal of Pediatrics (August 2020) 87(8):587–590
<https://doi.org/10.1007/s12098-020-03231-0>

There is a small oversight in the abstract of the paper.
Results section: Cases having AA + Aa genotype = **48.8%**
[39(Aa) + 5(AA) = 44] and **not 43.3% as noted.**
