Correction to: The Indian Journal of Pediatrics

<https://doi.org/10.1007/s12098-020-03567-7>

1. In Table 1: The nucleotide change in patient 2 of table 1 should have been c.402delC in place of c.399delC, as mentioned in the paper.

2. In Table 2: Under the column “mutations identified” in *EIF2AK3* (row 3), the codon number requires correction as p.Cys769* in place of p.Cys768*.

The discrepancy arose during reannotation using reference sequence NM_004836.7; the reference sequence AF110146.1 had been used by the reporting laboratory.

The original article has been corrected.
