Correction to: Biomolecular NMR Assignments (2019)
13:275–278 <https://doi.org/10.1007/s12104-019-09890-1>

The article ^1H , ^{13}C , and ^{15}N resonance assignments of human calmodulin bound to a peptide derived from the STRA6 vitamin A transporter (CaMBP2), written by Kristen M. Varney, Paul T. Wilder, Raquel Godoy-Ruiz, Filippo Mancia and David J. Weber, was originally published Online First without Open Access. After publication in volume 13, issue 2, page [275–278] the author decided to opt for Open Choice and to make the article an Open Access publication. Therefore, the copyright of the article has been changed to © The Author(s) 2020 and the article is forthwith distributed under the terms of the Creative Commons Attribution 4.0 International License (<https://creativecommons.org/licenses/by/4.0/>), which permits use, duplication, adaptation, distribution and reproduction in any medium or format, as long as you give appropriate credit to the original author(s) and

the source, provide a link to the Creative Commons license, and indicate if changes were made. The original article has been corrected.
