Correction to:

Biomolecular NMR Assignments (2019) 13:177–181

<https://doi.org/10.1007/s12104-019-09873-2>

In the original paper, the amino acid residue numbers for the triple mutant version of the tandem PWWP-ARID protein domain construct were wrongly labeled. The mutated residues indicated as Asp279, Glu304 and Glu306 were in fact Asp278, Glu280 and Glu305. The incorrect residue numbers were mentioned in the last paragraph of "Biological context", the first paragraph of "Protein expression and purification" and the legend of Fig. 1.
