Correction to: Food Anal. Methods

<https://doi.org/10.1007/s12161-017-1116-7>

The original version of this article unfortunately contained mistakes. In the Abstract section, the sentence “ACR was determined in all samples in the range of 24.3 to 453.2 g kg⁻¹.” should read “ACR was determined in all samples in the range of 24.3 to 453.2 μg kg⁻¹.”

In Table 2 header, “Sample value (g kg⁻¹)” should be “Sample value (μg kg⁻¹)”.

The online version of the original article can be found at <https://doi.org/10.1007/s12161-017-1116-7>.
