## Erratum to “Topological structure of Rubik’s cube mechanism and synthesis of the regular hexahedron Rubik’s cube mechanism”

**Dabao Fan<sup>1</sup>, Daxing Zeng<sup>1,2</sup>, Ya Liu<sup>1</sup>, Wenjuan Lu<sup>1,2</sup>, Yulei Hou<sup>1</sup>, Zirong Zhou<sup>2</sup> and Jianwen Guo<sup>2</sup>**

<sup>1</sup>School of Mechanical Engineering, Yanshan University, Qinhuangdao 066004, P.R. China, <sup>2</sup>The DGUT Innovation Center of Robotics and Intelligent Equipment, Dongguan 523000, P.R. China

Due to an unfortunate oversight during the conversion process, photos of the 6th author, Zirong Zhou, and the 7th author, Jianwen Guo, have been given erroneously. The photos along with Author Information should be corrected as follows:

**Zirong Zhou**, born in 1963, is currently a Professor at Dongguan University of Technology, China. He received his Ph.D. degree in Central South University in 2010. His research interests include electromechanical control technology and high-performance materials.

**Jianwen Guo**, born in 1980, is currently an Associate Professor at Dongguan University of Technology, China. He received his Ph.D. degree mechanical engineering from Hunan University in 2010. His research interests include mechanical automation and signal processing.
