Correction of mistake in the original version of this paper, “Core Competencies in VA Compensation and Pension Exams for PTSD and Other Mental Disorders”, the sentence “Other recommended aspects of this axis include familiarity with the VA’s Best Practice Manual for Posttraumatic Stress Disorder Compensation and Pension Examinations (Watson, McFall, McBrine, Schnurr, Friedman, Keane, & Hamblen, 2002), familiarity with the Specialty Guidelines for Forensic Psychology (American Psychiatric Association, 2013), and continued professional development through familiarity with the professional literature as it relates to VA C&P examinations and professional consultation.” should read “Other recommended aspects of this axis include familiarity with the VA’s Best Practice Manual for Posttraumatic Stress Disorder

Compensation and Pension Examinations (Watson, McFall, McBrine, Schnurr, Friedman, Keane, & Hamblen, 2002), familiarity with the Specialty Guidelines for Forensic Psychology (American **Psychological** Association, 2013), and continued professional development through familiarity with the professional literature as it relates to VA C&P examinations and professional consultation.”

The sentence “Additionally, given the forensic nature of C&P evaluations, examiners should be familiar with the basic principles of forensic psychology outlined in the Specialty Guidelines for Forensic Psychology (American Psychiatric Association, 2013).” should read “Additionally, given the forensic nature of C&P evaluations, examiners should be familiar with the basic principles of forensic psychology outlined in the Specialty Guidelines for Forensic Psychology (American **Psychological** Association, 2013).”
