Erratum to: Estuaries and Coasts
DOI 10.1007/s12237-016-0169-y

The first sentence in the Discussion section of the original article was incomplete. Several words inadvertently disappeared during production. The corrected sentence is as follows and the original article was corrected as reflected in this erratum:

Our investigation revealed that water quality in four of the six wetlands examined was so degraded that it lead to negative responses even in estuarine indicator species known to be highly tolerant.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s12237-016-0169-y>.
