This is the Editorial Board of the International Journal of Automotive Technology. In 11th Feb, 2022 we accepted a paper entitled “Novel Test Scenario Generation Technology for Performance Evaluation of Automated Vehicle”. According to the request from the authors of this article, we make a correction announcement of the grant number. Please refer to Table 1 for details.

Table 1. Erratum

| Issue | Title | Page | Reads | Should reads |
|------------------------------------|--|------|------------------------|--------------------------|
| Vol.23, No. 5, pp.1295-1312 (2022) | Novel Test Scenario Generation Technology for Performance Evaluatio of Automated Vehicle | 1308 | cstc2019jscx-fxydx0041 | cstc2019jscx-zdztzxX0041 |

This change is final, and any future consequence due to such change is solely the responsibility of the authors.
