Retraction to: Arch. Pharm. Res. (2018) 41:459–466
<https://doi.org/10.1007/s12272-018-1023-5>

The authors have retracted this article [1] because after publication they became aware that the equine urine samples analysed for loxoprofen in this study were in fact

equine plasma samples. Therefore the results and conclusions of this article cannot be relied upon. All authors agree to this retraction.

The original article can be found online at <https://doi.org/10.1007/s12272-018-1023-5>.
