Correction to: School Mental Health
<https://doi.org/10.1007/s12310-021-09449-3>

The original version of this article unfortunately contained a mistake. On page 11, the paragraphs "Data Availability" and "Code Availability" should be removed. They say that both the code and data are available upon request from the corresponding author, but upon reviewing the terms of the study IRB it became clear that the author actually cannot share the code or data. The original article has been corrected.
