The original version of this article unfortunately contained a mistake.

The spelling of the surname of one co-author from the publication entitled “Selective Forces Related to Spinocerebellar Ataxia Type 2” that was recently published in the journal “The Cerebellum” was incorrect. During the verification process of the manuscript final version, the authors did not notice that “Saraiva Pereira” was displayed as two separate words, which should be written as one word “Saraiva-Pereira”.

The authors hereby publish the correct name of author as given above.
