The original version of the article contained an error in the equation (6b). The reference to the equation was inadvertently given as (5a) instead of (5b). The correct equation is given below:

$$\begin{aligned} \min \quad & n - \sum_{m \in T \setminus \{t\}} c_m \\ \text{s.t.} \quad & (1), (4), (5b). \end{aligned} \tag{6b}$$

The original article has now been corrected.
