The original version of this paper was published with error.

- The text on the diffractograms referring the peaks of the minerals is missing in Figure 3.
- The text on the particles referring the EDS points are missing in Figure 4.
- In Figure 5, the boiler schematic referring the locations which the samples were taken is missing and only 3 sample pictures were presented, there must be 6 sample pictures.
- The text on the particles referring the EDS points are missing in Figure 6.

Given in this article are the correct figures.
