**Correction to: International Journal of Behavioral Medicine**  
<https://doi.org/10.1007/s12529-019-09827-x>

The original article has been corrected:

One of the formulas was incorrect, and the corrected formula is shown below:

$$\text{RERI} = \text{exponent}(\beta_1 + \beta_2 + \beta_3) - \text{exponent}(\beta_1) - \text{exponent}(\beta_2) + 1$$

---

The online version of the original article can be found at <https://doi.org/10.1007/s12529-019-09827-x>
