Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

Due to an unfortunate oversight the acknowledgment section should read:

Acknowledgements This research was supported by Basic Science Research Program through the National Research Foundation of Korea (NRF) funded by the Ministry of Education (No. NRF-2017R1D1A1B03034668). The authors would like to thank Mr. Jae Lak Yang at HANMED CO., LTD to provide information about spinal mobilization and treatment table.

The original article can be found online at <https://doi.org/10.1007/s12541-021-00499-w>.
