Correction to: *Rare Met.* (2019) 38(11):1003–1014
<https://doi.org/10.1007/s12598-019-01267-6>

In the original publication, Sect. 2.1 was published incorrectly as below.

2.1 Characterization of inorganic powder

Particle size distributions of layered potassium aluminosilicate powder (Advantaged Chemical Co., Ltd., Taiping, Taiwan, China) were measured by a particle size analyzer (Mastersizer Hydro 2000MU). X-ray fluorescence (XRF, ARL Perform'X) was used for the chemical analysis.

The correct version of Sect. 2.1 is updated as below.

2.1 Characterization of inorganic powder

Particle size distributions of layered potassium aluminosilicate powder (Jinan Great Chemical Industry Co., Ltd., China) were measured by a particle size analyzer (Mastersizer Hydro 2000MU). X-ray fluorescence (XRF, ARL Perform'X) was used for the chemical analysis.
