In the section of Conflict of interest of this article, the author in the sentence cited below, didn't declare any conflict of interest:

Conflicts of interest: All authors declare no conflict of interest involved.

The corresponding author, I.M. Petyaev, revised his position and sent us a new version of the COI statement.

Conflicts of Interest: I.A. Petayev declares that he has relevant financial activities outside the submitted work with the following companies:

- CCT: Licensing Agreement
- Lycotec Ltd: Director of the Company
- IP Science Ltd: Director of the Company
- Chaperon technologies Ltd: Director of this Dormant Company
- Cambridge Nutranostics Ltd: Director of this Dormant Company

- Avant-Garde Food Technologies Ltd. : Director of this Dormant Company

The author declares that he did not receive any payments or other financial contributions in relation to this work and that the results of the clinical study presented in the manuscript, were a part of the ongoing research in carotenoids and other antioxidants in human health. He has been involved in this research for more than 20-25 years, which was supported by governmental, nongovernmental and private funding. However, I.M. Petyaev's grown scientific network allowed him in parallel to undertake a number studies, especially of exploratory nature, based on a collaborative approach, when participating researchers used only own resources without involvement of any third party.
