### Correction to: Neurotoxicity Research

<https://doi.org/10.1007/s12640-017-9836-4>

Upon further review, the authors wish to make the following correction to the article:

1. During the preparation of Fig. 4, the image corresponding to the panel showing morphological details of the Levetiracetam treatment was inadvertently repeated due to an error in the design of the figure.
- The corresponding panel has been replaced, the corrected Fig. 4 is shown below, and this correction did not affect the data shown in the lower graph.

The original article can be found online at <https://doi.org/10.1007/s12640-017-9836-4>.
