RETRACTED ARTICLE: Studies on long lasting optical properties of europium and dysprosium doped Di-strontium magnesium silicate phosphors

R Shrivastava* and J Kaur

Govt. VYT PG Autonomous College, Durg, Chhattisgarh, India

Received: 01 April 2014 / Accepted: 10 June 2014 / Published online: 26 June 2014

This article has been retracted at the request of the Editor-in-Chief because it contains material from another publication authored by R. Shrivastava et al, entitled “Effect of co-dopant concentration on photoluminescence properties of $\text{Sr}_2\text{MgSi}_2\text{O}_7$: Eu^{2+} , Dy^{3+} phosphor” *Adv. Phys. Lett.* **1** 16 (2014).

This is clearly a case of self-plagiarism that goes against the publication policy of Indian Journal of Physics and Springer.
