

Erratum to: Hydrogeological investigations of thermal waters in the Sfax Basin (Tunisia)

Badia Chulli · Aysen Davraz · Jalila Makni ·
Mourad Bedir · Hamed Ben Dhia

Published online: 7 April 2012
© Springer-Verlag 2012

Erratum to: Environ Earth Sci DOI 10.1007/s12665-011-1281-8

Unfortunately the original publication of the article includes errors in the table legends, figure captions and a new reference is added.

The corrected text is given below:

Table 1 Chemical data for the Sfax basin thermal waters (mg/l). ($\delta^{18}\text{O}$ and $\delta^2\text{H}$ data cited by Maliki 2000). Li and Al concentrations are in $\mu\text{g/l}$. TDS is g/l. T in $^\circ\text{C}$

Fig. 3 Geological cross-section C1 (Zébidí 1989, modified by Maliki 2000)

Fig. 4 Hydrogeological cross-section C2 (Zébidí 1989, modified by Maliki 2000)

Fig. 5 Groundwater level map (Maliki 2000)

The new reference should read as:

Gabtni H, Chulli B, Jallouli C, Mickus KL, Bedir M (2010) The crustal structure of the Sahel Basin (eastern Tunisia) determined from gravity and geothermal gradients: implications for petroleum exploration. Arab J Geosci. doi:[10.1007/s12517-010-0151-0](https://doi.org/10.1007/s12517-010-0151-0)
