<https://doi.org/10.1007/s12665-018-7868-6>

In the original publication, Fig. 5c in (ii) Series 2 and Fig. 6c in (ii) Series 2 are incorrect. The correct figure is the one below:

Fig. 5 Shear behaviour after different numbers of drying–wetting cycles at $(\sigma_v - u_a) = 50$ kPa: **a** shear stress, **b** vertical displacement and **c** degree of saturation, versus horizontal displacement

Fig. 6 Shear behaviour after different numbers of drying–wetting cycles at $(\sigma_v - u_a) = 200$ kPa: **a** shear stress, **b** vertical displacement and **c** degree of saturation, versus horizontal displacement

The original article can be found online at <https://doi.org/10.1007/s12665-018-7868-6>.
