Correction to: Mindfulness

<https://doi.org/10.1007/s12671-019-01120-y>

The authors would like to correct some mistakes in Fig. 1. In Fig. 1b, the mediator should be “parent-child attachment” rather than “mindful parenting.” In both Fig. 1a and 1b, the path coefficients from the mediators (i.e., mindful parenting in Fig. 1a and parent-child attachment in Fig. 1b) to preschool children's emotional lability/negativity should be negative. Although we reported these results correctly in the text, the negative signs were missing in the figure. The updated Fig. 1 is shown below.
