The Editors-in-Chief have retracted this article following an investigation by the Chinese National Health and Medical Commission. The investigation found the data presented here has been either forged or tampered with. The Editors-in-Chief therefore no longer have confidence in the integrity of the data in this article.

None of the authors have responded to any correspondence from the editor or publisher about this retraction.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The original article can be found online at <https://doi.org/10.1007/s13105-019-00669-5>.
