**Correction to: Organisms Diversity & Evolution**

<https://doi.org/10.1007/s13127-018-0370-x>

The data in the Table 1 of the original version of this article were inadvertently shifted during the editing process. Therefore the entries as published in this table did not correspond to their correct data.

The published version of the Table 1 has now been corrected in this article. The columns such that all the

previously misaligned data do now properly correspond to their correct respective rows as were present in the authors' final submitted manuscript version.

The original article has been corrected.

---

The online version of the original article can be found at <https://doi.org/10.1007/s13127-018-0370-x>
