A careful analysis of this article shows extensive similarities with an article published by L Appleton, Wyatt D, Perkins E, Crane J, Jones A, Morehead L, Brown V, Wall C, and Pagett M, entitled “The impact of prostate cancer on men's every day life” published in the European Journal of Cancer Care in 2014; DOI: [10.1111/ECC.12233](https://doi.org/10.1111/ECC.12233). Given the duplication of content described above, this article is retracted by the Editor-in-Chief. We apologize to the readers that this was not detected during the submission and review process.

The online version of this article (doi:10.1007/s13187-016-1045-y) contains supplementary material, which is available to authorized users.
