3 Biotech (2019) 9:270

<https://doi.org/10.1007/s13205-019-1797-2>

In the original article, on the page 270 the increasing order of fresh weight of calli is for the 10 days post-inoculation as against 15 days mentioned in the text (Table 4). The authors regret the mistake. Authors thank Mr. Haifang Jin, for critically reading the article and enabling us to provide this correction.

The original article can be found online at <https://doi.org/10.1007/s13205-019-1797-2>.
