[2] Kalitsky-Szirtes J, Shayeganpour A, Brocks DR, et al. Suppression of drug-metabolizing enzymes and efflux transporters in the intestine of endotoxin-treated rats. *Drug Metab Dispos.* 2004; 32(1): 20–7.

The Editor-in-Chief has retracted this article [1] based on an investigation by the Ministry of Education, Culture, Sports, Science and Technology, Japan, which found that the article contained overlap with a previously published article by Kalitsky-Szirtes J, et al. [2]. All authors agree with the retraction, but the authors do not agree with the wording of the retraction note.
