ERRATUM

Erratum to: Decreased glucagon levels and decreased insulin secretion after sitagliptin versus mitiglinide administration with similar glycemic levels following an oral glucose load: a randomized crossover pharmaceutical mechanistic study

Erratum to: Diabetol Int (2016) 7:25–33 DOI 10.1007/s13340-015-0207-1

In original publication of the article, the unit “ng/ml” has been published incorrectly in the following sentence under the Results section.

The incorrect sentence is “...The AUC for glucagon response during the OGTT after sitagliptin treatment was

not significantly decreased compared to the baseline (76.9 ± 18.9 in MIT, 74.2 ± 22.4 in SIT, and 73.2 ± 19.9 ng/ml in BASE)...”.

The correct sentence should be “...The AUC for glucagon response during the OGTT after sitagliptin treatment was not significantly decreased compared to the baseline (76.9 ± 18.9 in MIT, 74.2 ± 22.4 in SIT, and 73.2 ± 19.9 pg/ml in BASE)...”.

The online version of the original article can be found under doi:[10.1007/s13340-015-0207-1](https://doi.org/10.1007/s13340-015-0207-1).
