Correction to: Mammal Research

<https://doi.org/10.1007/s13364-018-0371-3>

The original version of this article contained errors and corrected as follows:

The year present in the fourth last sentence of the abstract previously reads as "...population estimate of 150–178 wolves for early March **2016**...", the correct year should be "**2017**". In the section heading "Known wolf mortality", the total recorded wolf dead should have been "**54**" instead of "**58**". Furthermore, under the Result section, originally reading "By taking into account the known mortality during our study period (**58** wolves), we determined a minimum estimate of **208–236** wolves for early August 2016.", this should have read "By taking into account the known mortality during our study period (**54** wolves), we determined a minimum estimate of **204–234** wolves for early August 2016." [bold text used to highlight problem area].

The remainder of the article remains unchanged.

The online version of the original article can be found at <https://doi.org/10.1007/s13364-018-0371-3>
